

Chrome Spider Cap 5 x 5 1/2" Bolt Pattern

KNS Accessories is proud to FINALLY introduce a large enough, true fit, Spider cap for classic Ford trucks, and many other 5 x 5 1/2" bolt pattern applications. The cap features a chrome steel bullet and flange that sits at 3 7/8" at the base and stands 4" tall. The ABS lug nut covers will add the final touch and slide over standard 7/16" and 3/4" lug nuts. This allows for fitment on many OEM and aftermarket wheels with plenty of room to cover the center hole and axles that may stick out too far; not to mention, they will add plenty of attitude, style and function.

Application..... Ford truck & early Ford models with 5 x 5 1/2" bolt pattern

Function..... Center cap & lug nut cover

Size..... 3 7/8" dia. , 4" tall

Material..... Chrome steel bullet and flange, ABS lug nut covers

Installation..... Slide cap over studs, tighten down lug nuts
Install push on lug nut covers

Unit & Package..... Sold by each, color display box
