

Chevrolet® & GMC® Truck Chrome Door Mirror

Inspired by the classic styling of 1973-'87 Chevrolet and GMC trucks equipped with round headlights, we developed a sport mirror that complements the look of these iconic pickups. The new round head design offers a stylish alternative to the traditional square sport mirror, creating a clean, balanced appearance that flows naturally with the truck's classic front end styling.

Designed to fit 1973-'87 Chevrolet and GMC truck applications, the mirror features a 4-13/16" Dia round head constructed from highly polished stainless steel for a brilliant, long lasting finish. The base is made from high quality die cast chrome and includes mounting hardware for easy installation. Its versatile design fits both the left and right hand doors, making it an ideal choice for restorations, custom builds, or anyone looking to add a distinctive classic touch to their truck.

Size..... 4-13/16" Dia mirror head

Features Round head design improves aesthetics and matches round headlight for 1973-'87 models

Vintage Style Flying Goddess Hood Ornament

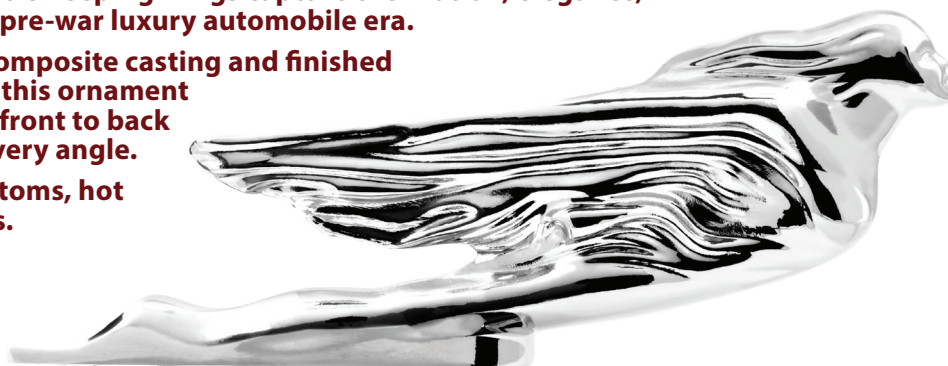

Inspired by the stylish hood ornaments found on 1940s American autos, Grand General and KNS Accessories introduce its Vintage Style Flying Goddess Hood Ornament.

The streamlined female figure and sweeping wings capture the motion, elegance, and unmistakable styling of the pre-war luxury automobile era.

Made from a heavy-duty metal composite casting and finished in brilliant show quality chrome, this ornament features detailed sculpting from front to back for a striking appearance from every angle.

Perfect touch for classic cars, customs, hot rods, and vintage-inspired builds.

Size.....9-7/16" L x 3-3/8" H overall
5-7/16" L x 7/16" W mounting base
